
The Center for Computational Chemistry
2008 Summer Research Program – Application Form

Instructions

1. Answer essay questions and attach them to this application form.
2. Download (or copy) the referee forms, and have two senior scientists familiar with your work in chemistry or physics complete them. The evaluations can be sent separately or with the rest of the applications, but must be sealed so as to ensure confidentiality. Please have the referee sign across the seal.
3. Please send one unofficial copy of your transcripts with the application form.
4. All applications materials must arrive no later than March 1, 2008 (this includes referee letters). Phone interviews will be made by March 18, 2008, and offers will be made soon after. Earlier applications may be considered as received.
5. Direct all questions and send all completed materials to:

Nathan Stibrich and Lucas Speakman
Center for Computational Chemistry
1004 Cedar Street
University of Georgia
Athens, GA 30602-2556

Name: _____

Current Address:

Permanent Address:

Home Phone: _____

Work Phone: _____

Email Address:

Country of Citizenship:

Social Security Number (optional):

Birthdate:

Undergraduate Institution:

Other Universities Attended:

B.A. or B.S.: _____

Major(s): _____

Minor(s): _____

Academic Classification at the beginning of the 2008 fall semester: _____

List all courses taken in Chemistry:

List all courses taken in physics, mathematics, and computer science:

G.P.A. in Chemistry: _____

Overall G.P.A.: _____

G.P.A. in other sciences: _____

How did you find out about our summer program?

Please briefly answer the following questions on a separate piece of paper (no more than one page per question):

1. What are your future plans and goals? Emphasis should be placed on possible graduate work in chemistry and future career goals.
2. Describe your interests in the area of computational quantum chemistry and electronic structure theory.
3. Please briefly explain why you would like to participate in the CCC Summer Research Program and what assets you feel will aid you in completing the described program.
4. (Optional) Please describe any other pertinent information about yourself that you feel would help us to make a more informed decision (e.g. interests, hobbies, honors, awards...).

What is your level of interest in attending medical school (please circle one)?

High Moderate Little None

What is your level of interest in attending law school (please circle one)?

High Moderate Little None

What is your level of interest in attending business school (please circle one)?

High Moderate Little None

Is there any personal reason (e.g., preference for a different part of the country, need to remain near family or friends, possible future spouse, etc.) that might dissuade you from attending graduate school at the University of Georgia, beginning August 2009? Please explain.
